

## Summary

Currently a 3rd-year B.Tech CSE Core student with a passion for AI, Data Science, and Research. Seeking opportunities to apply technical expertise in real-world projects. Eager to contribute to cutting-edge projects, collaborate with like-minded individuals, and gain hands-on experience to drive impactful solutions.

## Education

|                                                        |                       |
|--------------------------------------------------------|-----------------------|
| <b>B.Tech in Computer Science and Technology</b>       | <b>2023 – Present</b> |
| Vellore Institute of Technology, Bhopal Campus, Sehore | CGPA: 8.21            |
| <b>Senior Secondary (XII)</b>                          | <b>2022</b>           |
| Gyan Sthali Residential School, Karwa Khera, Etawah    | 80.2%                 |
| <b>Secondary (X)</b>                                   | <b>2020</b>           |
| Gyan Sthali Residential School, Karwa Khera, Etawah    | 88.5%                 |

## Technical Skills

- **Programming Languages:** C, C++, Python, Java
- **Mobile Development:** Android Studio
- **Frontend Web Development:** HTML, CSS, JavaScript
- **Machine Learning & Computer Vision:** YOLO, OpenCV
- **Libraries & Frameworks:** NumPy, Pandas
- **Algorithms & Data Structures:** Sorting Algorithms, Data Structures

## Soft Skills

- Problem-solving
- Analytical Thinking
- Team Collaboration
- Communication
- Adaptability
- Quick Learning

## Projects

### Habit Tracker (Web Based Application)

- Tracks daily habits with notes and maintains complete records.
- Uses MongoDB Atlas, Render backend, and Vercel frontend for global access.

### ESim Tool Manager (FOSSEE Project)

- Python-based tool automates Ngspice, KiCad, and GHDL with Tkinter GUI and cross-platform support.

### Footfall Tracker with Heat Density Graph (YOLO, OpenCV, Pandas)

- Detects and counts people using YOLO, OpenCV, and Pandas; displays real-time heatmaps.

### Smart Attendance System (OpenCV, Facial Recognition, NumPy)

- Automates attendance using OpenCV facial recognition with real-time identification.

## Experience

### Winter Internship – Technical Training Program

February 2026 – March 2026

#### India Space Lab, New Delhi

- Completed 30-day Technical Training Program (ISL-053120) in Drone Technology, CanSat & CubeSat, Rocketry, Remote Sensing & GIS, and Disaster Management
- Designed & simulated rocket models using OpenRocket and submitted project report.

## Certifications

- GenAI Certificate (Google Cloud)
- NPTEL Machine Learning Certificate
- Coursera - Bits and Bytes Certificate
- Coursera - IBM AI Engineering
